

# ~ Vintage Printables ~ Tag Tips & Information

Vintage Printables are brought to you by [www.EweNmePrintables.com](http://www.EweNmePrintables.com) and [www.DirtyCrowInn.com](http://www.DirtyCrowInn.com)

Please read these tips before beginning your project.

## ~ PRINTING TIPS ~

Use Acrobat Reader 6.0 or higher for best results. When printing make sure **AUTO ROTATE AND CENTER** is **CHECKED** and that **PAGE SCALING** is set to **NONE**.

Print your tags on cardstock. You can use craft cardstock or any other shade you prefer. Choose the page with images when printing - you don't want to waste your good cardstock on the instructions. :-)

## ~ CUTTING TIPS ~

When cutting your tags use a sharp craft knife and a straight edge on a cutting mat (scissors work ok too). Cut just inside the black lines so they don't show when the tags are finished.

## ~ FINISHING TIPS ~

We used a paper punch to punch a hole in the center of the brown circle at the top of the tag. We also found it easier to line up the punch on the tag by turning the paper punch upside down. That way, you can see exactly where you are punching.

Tie a piece of string, homespun or jute through the hole to attach the tag to your items. If you wish to "age" your tags you can use many methods. Tea, coffee, vanilla, brown paint, brown shoe polish and walnut ink are just a few. Use the best method for you. You can "age" them before or after printing & cutting - the choice is yours. If you choose to "age" your tags after printing, please use caution, as the ink can sometimes run when the paper gets wet. Glass glitter or mica flakes will also add a nice sparkle to your tags as well.

You can use an emory board or a small piece of sandpaper on the edges to soften them a bit if you choose. This will give the tags that nice time worn look.

We hope you enjoy using our Tags. Thanks again for your purchase!
